GREYHOUND

OCEAN SPRINGS HIGH SCHOOL

OCEAN SPRINGS, MISSISSIPPI 39564

It's about TIME

Time-there is never enough. With the Bicentennial of the American Constitution celebrated on September 17, 1987, we are reminded that 200 years is not really a very long time. George Washington and Abraham Lincoln lived a long time ago, and generations have come and gone, but we, the American people, still feel very young. Our Constitution, a great work of compromise and freedoms, reminds us of those ideals toward which we still strive. Only the youth of America can see any real chance of obtaining these ideals. Time will take their chance away all too soon, and it will fall to the hands of their children. We *Are* young, but we recognize the challenge of the future. OSHS is more than a place to learn to make a living — it is where we learn to honor those freedoms and prepare for the future of our country. "We, the People" are here and now, and we will prevail.

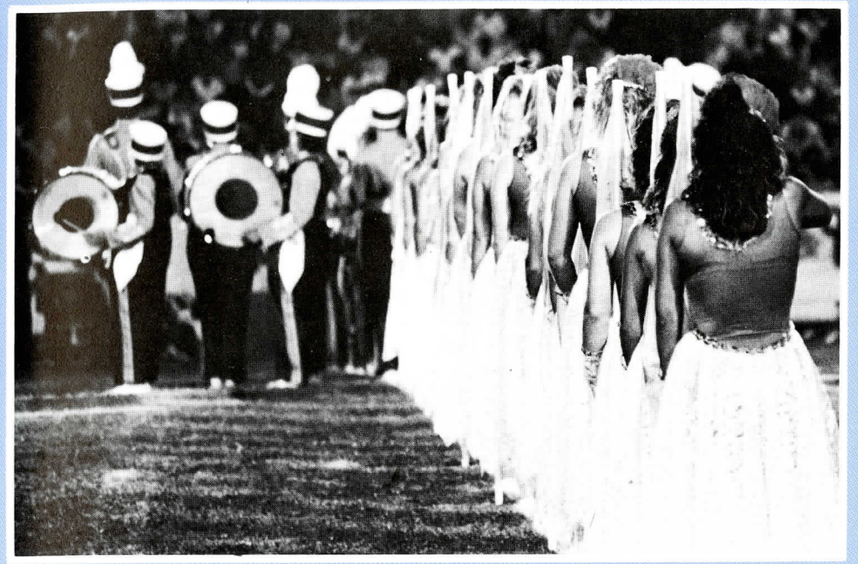
PRIME TIME

About the time we we start school, we begin to discover that life is much more than playing in the dirt and stacking blocks. We find out that people want us to act a little more responsibly, to make more of an effort to be worthy of the limelight our parents want for us, and eventually, to move on to our own problems and wants. By the time, we get to high school, we may put too much pressure on ourselves, and our parents remind us that Now is the PRIME TIME of our lives. Enjoy your friends, your class, and your teachers. Dances, parades, football games, and club meetings are things to enjoy now while you're still in school. Enjoy your PRIME TIME TODAY!

Laura Martin, a junior, is all smiles. When you don't have any makeup during break, it's nice!

Dana Stone, Jada Hughes, Melinda Broussard, Sheila Keechel, Shealee Moore, Lisa Kendal, Darlyn Kerner, and Nicole Barthes are members of the track team getting "warmed up" for their events.

"I feel that the graduating class of 1988 will turn out to be one of the very best classes to ever come out of Ocean Springs High School. I hope that we leave a lasting impression on the faculty and set a good example for the next graduating class."
Tammy Dubuisson



The flags and drums practice for hours to make exact rows on the field at halftime.

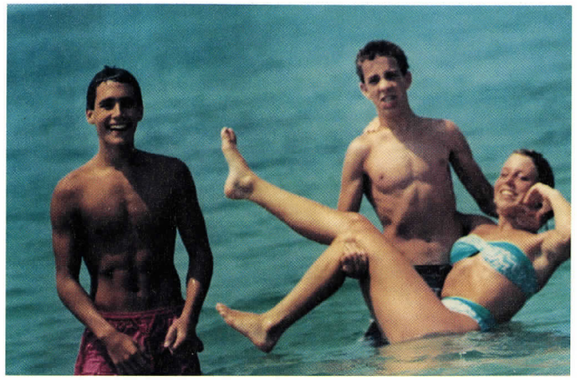
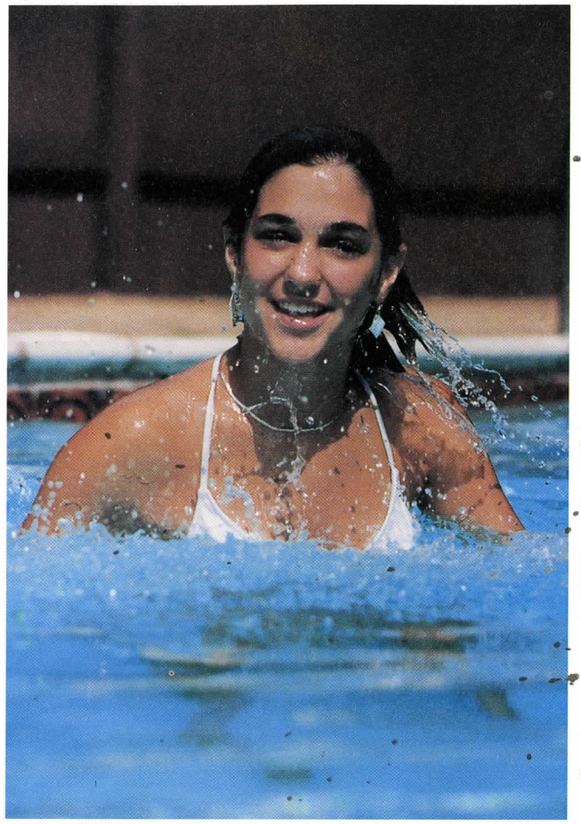
Summertime
How Did You Spend Yours?



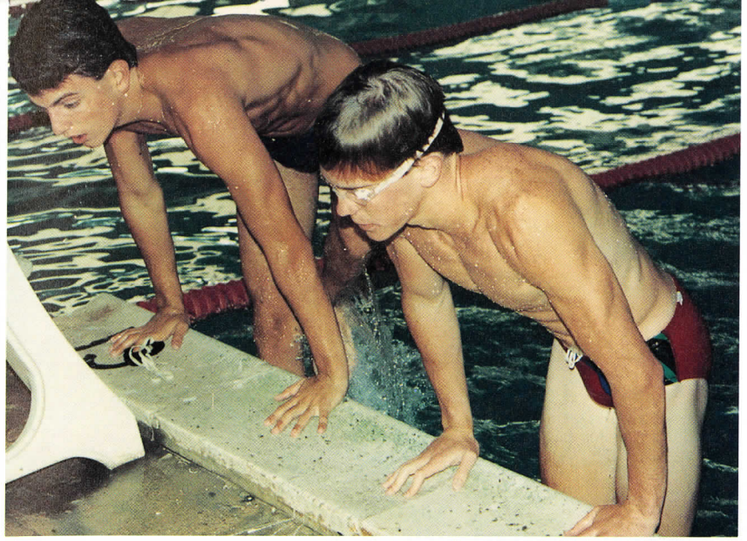
Most students would agree summer is a time for relaxation, fun in the sun, and great vacations.
"I worked, waterskied, and met new people!" - Preston Ford
"Partied!"-Jeannie Howell
"Nothing."-Janelle Henary
Went to Ole Miss and watched the beautiful co-eds."-Matt McClain
"Enlarged my fungus and sponge collection." -Mike O'Quinn

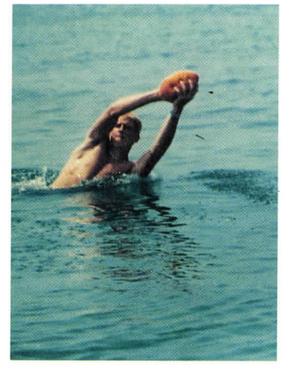
OS students spend as much time on the islands as they can. Kirk Jones displays his brute strength and hefts Heather Hudlow out of the water. Steve Desjardins stands by to help.

Amy Webb (below) rides the exciting rides at the fair, while Amanda Smith, Stephanie Richart, Beth Camburn, and Kim Thompson prove they are the REAL Four Stooges. Their stay at camp was another fun way to spend the summer.



Jeanie Bonderer creates a colorful swirl as she emerges smiling from a dip in the pool.





David Beaugez practices football every chance he gets-even in the water.

Rhome Smith and Chuck Wilkes race for fun at the YMCA.

Last year's senior class had a ball at Disney World, playing water-volleyball. '88 seniors will have a great time just anticipating next summer.

What summer is complete without a car wash. Tammy Clements and Chuck Hann got wet but no one cared.

Getting together with friends at the beach is one of the joys of summer.

Best Of Times

It's difficult to imagine surviving all your high school years without a best friend. Isn't that really the only reason we go to school anyway, to be with our friends? No, not really, but it makes it that much more tolerable. After all, that's what friends are for.

Most people would agree-the majority of "The Best of Times" are spent with your best friends-all the beach parties, weekend trips to Florida, midnight movies, mall escapades, double dates, and those lazy days of summer, meant soley for loafing.

But nothing lasts forever, so make the most of your high school days while you have them, especially you seniors of 1988. Only a few more months, and then everyone goes their separate ways, maybe never to see each other again.

So make the most of every moment-the end will be here before you know it.

Laura Martin and Buffie Davis are so much alike, they even dress crazily.

Julie Noble and Teresa Cussingham are like two peas in a pod.

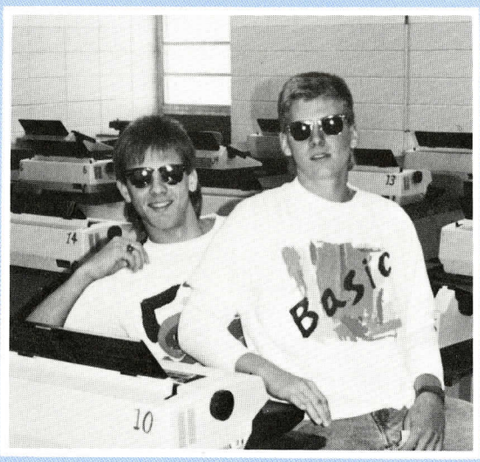
Twin day winners are Lori Engel and Shelly Hull.

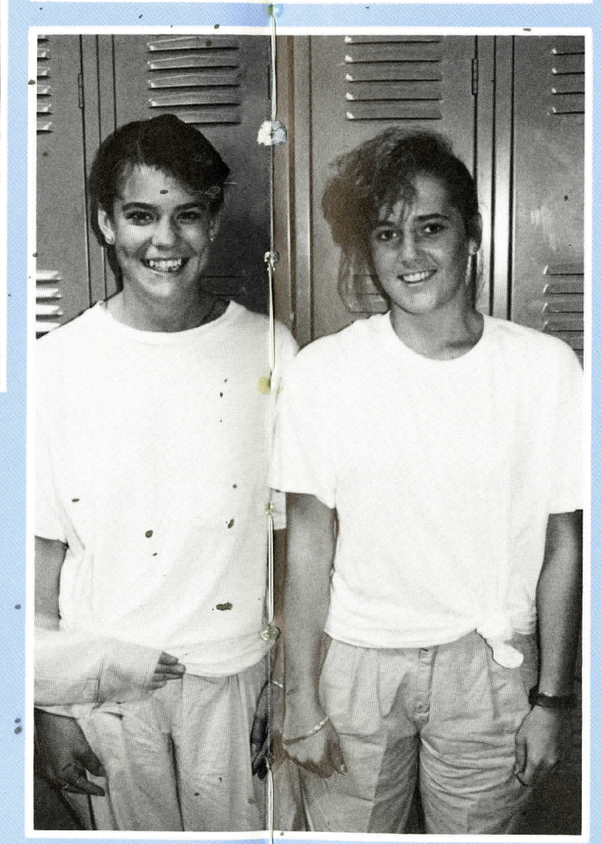
Charissa Penton and Tracy Reynolds go for the MOD look.

Been farming long, Debra Kuska and Tammy Mulvaney?

Gee, Brandi Senseney and Monique Lobrano do look alike-stripes and all.

Tammy Belton and Squid Miller need to part their bangs on the same side.





Jill Jones and Dusty Steelman look cute in their Twin Day outfits.

David Martin and Mike Batton are just clones in sunglasses.

Teresa Wilson and Jenny Pigford go in for the Hard Rock look.

Oops, Melissa Roberts has a necklace and Tyra Dessomes doesn't!

Matt Burt can't read his own writing. Maybe he's reading something else.

Melissa Roberts just heard a pretty funny joke.

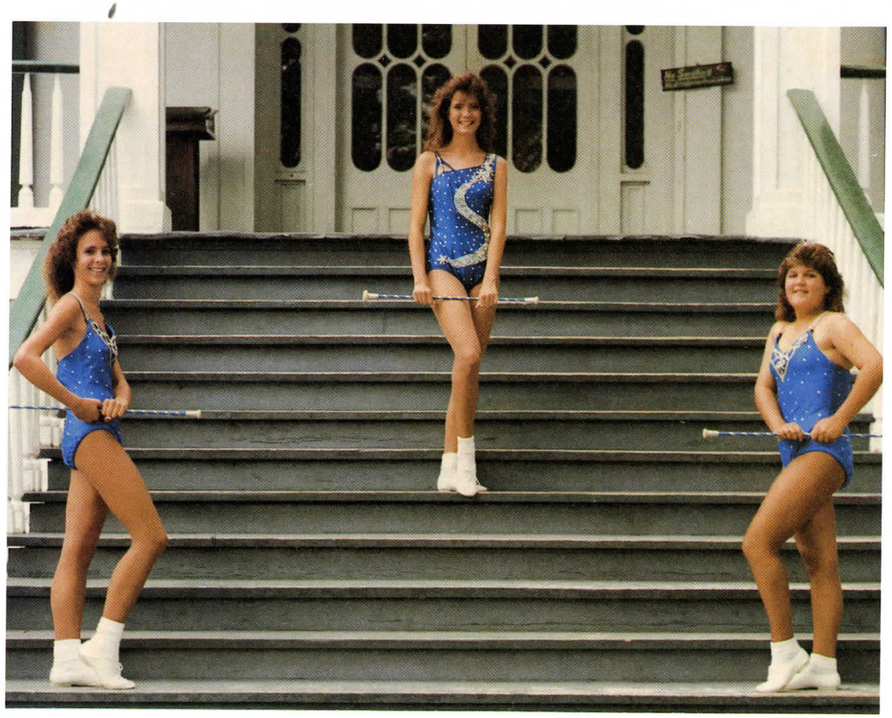
The band warms up before the halftime begins.

Stacy McCracken is the Pride's drum major.

The Blue-Grey Pride Band is one of high ideals and moral fiber. The Pride strives for perfection and the results have been very rewarding. The band, under the direction of Mr. Joe Cacibauda, has been a consistent winner of Superior Ratings in all festivals entered at the local, state, and out-of-state levels. Blue-Grey Pride has also performed for President Ronald Reagan and has performed numerous times in the Walt Disney World Showcase. A fine tradition of OSHS, we proudly present THE BLUE-GREY PRIDE!

Majorettes

The majorettes are Caroline Sours; Michelle Gates, Capt.; and Dawn Davis.

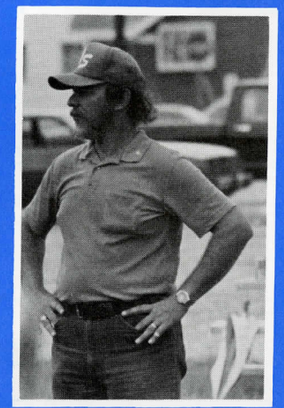


Blue-Grey Pride

Endless Heat & Sore Feet

Mr. Joe cootemplates.

Holding those horns up all the time must be tiring, but that's what it takes to make our Pride what it is - hard work.

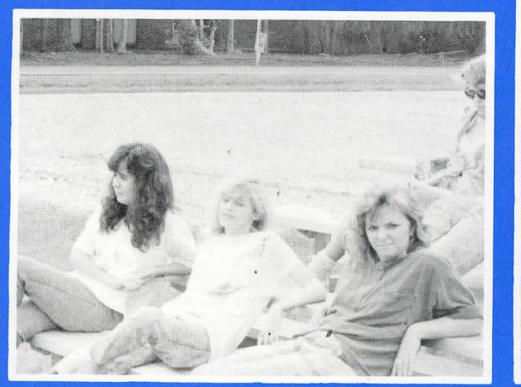


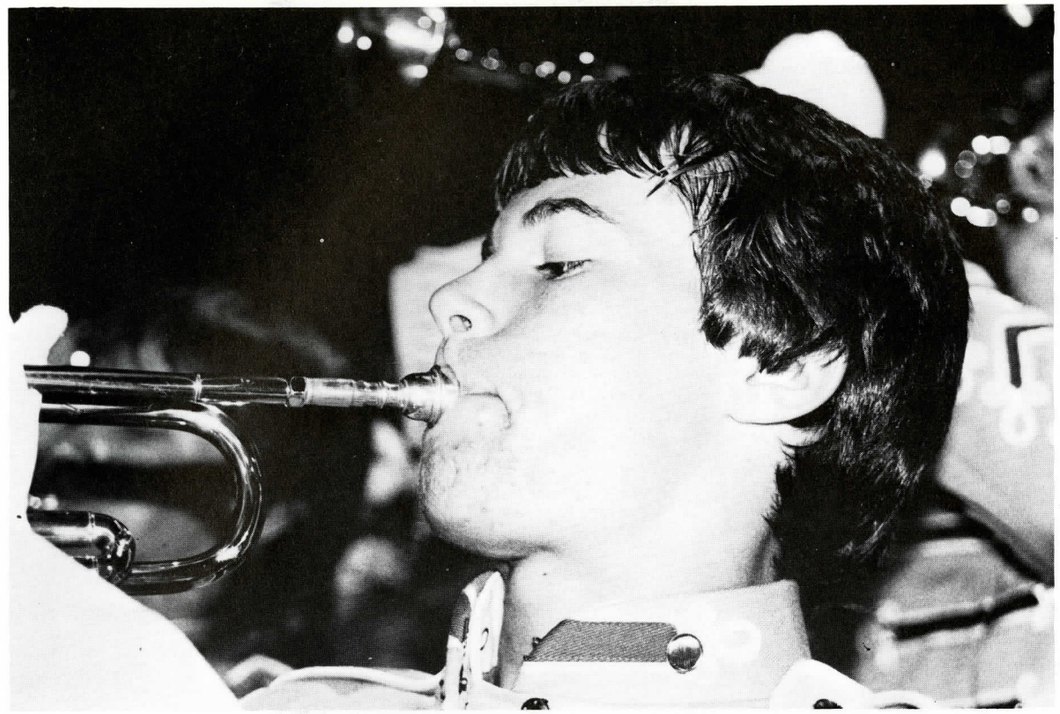
Jenni Webb is discussing something of major significance to a couple of buddies as they sit among a multitude of band instruments.

Is it Cousin It? No, it's just Paige Burton being silly.

Shanda Vogelmeier is off in her own little world, but that's okay, they know her there.

Drum majors need rest too! Stacy McCracken and some friends sprawl out on the bleachers to relax.





Chris Robinson, come blow your horn!

The Pride's drum section has proved themselves to be the rowdiest guys in the band.

Jim Owen is pretty proud of his long hair, so he expresses it any way he can!

Robyn Rayner makes playing the xylophones look pretty easy.

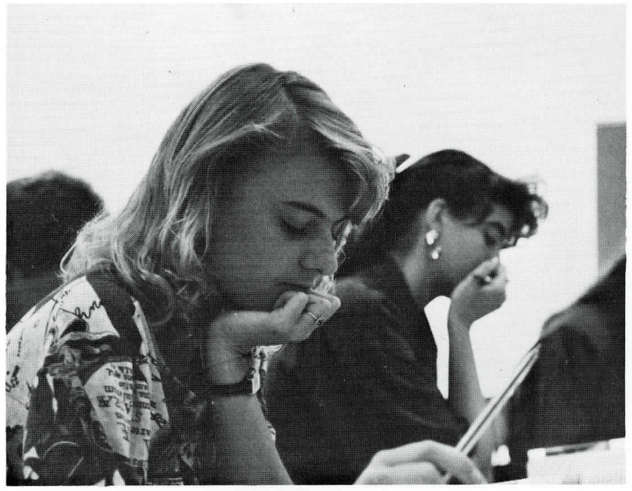
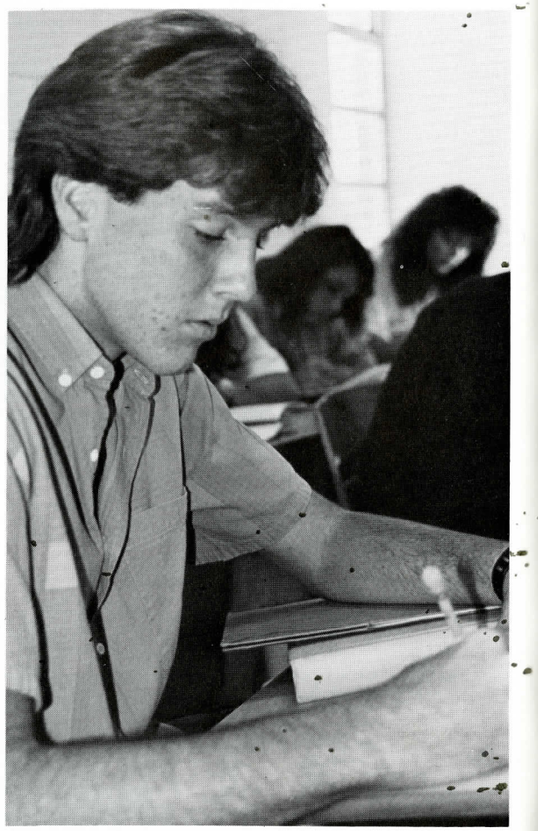
"KNOWING THE PAST





Wendy Steffe and Candi Sonnier look very involved in their Honors History

Eric Esterly looks busy while doing his school work

Coach Dye has talent in lecturing his classes.

Can you believe this is Clint Webster?

Opposite page: Robin North does not believe what she is hearing.

Experimenting with the microscope is one of the things Jason King does in Anatomy.

TO BETTER THE FUTURE"

"Hey, Man, what class do you have next period? I have U.S. history with Mr. Kramer."

"Really? I have Mr. Farmer."

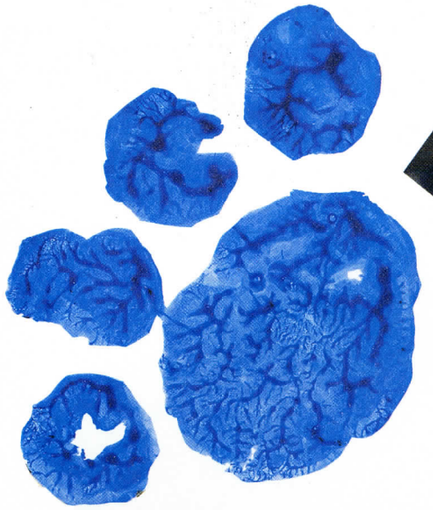
"Yeah, both teachers are really good. Even I understand what's going on."

"Yeah, Mr. Kramer explains everything really well and still makes it fun for all his students."

"I just don't understand why we have to learn history and social studies or even science. What good is it going to do me looking for a job?"

"Hey, Man, you *are* dumb. Knowing about our past, our relationship with other nations, how we came to be who we are in the world is what keeps us free enough to get that job you're yaking about. And science is *great*. You want to go through life stupid-not knowing what lightning is or how the earth was formed?"

"Yeah, I see what you mean. Maybe just learning about your job isn't good enough to live a good life. I think I'll take notes today."



Racheal Bodie and Brandi Senseney are excited about the Hounds' Victory.

Randall Tynes shows off his toothless grin. It was a rough game!

Les Lala gets ready for a Maroon Tidal Wave while cheerleaders Tricia Vaughn, Carla Hughes, Nicole Barthes, Julie Noble, and Becky Bentzinger provide the rowdiness on the sidelines.

Kirk Jones and Steve Desjardins are excited about the score-Or, is it the girls? Jennifer Miller, Tyra Dessommes, Amy Turk, Krista Moak, Mindy Young, and Sherre Thiboideaux know who is number ONE!

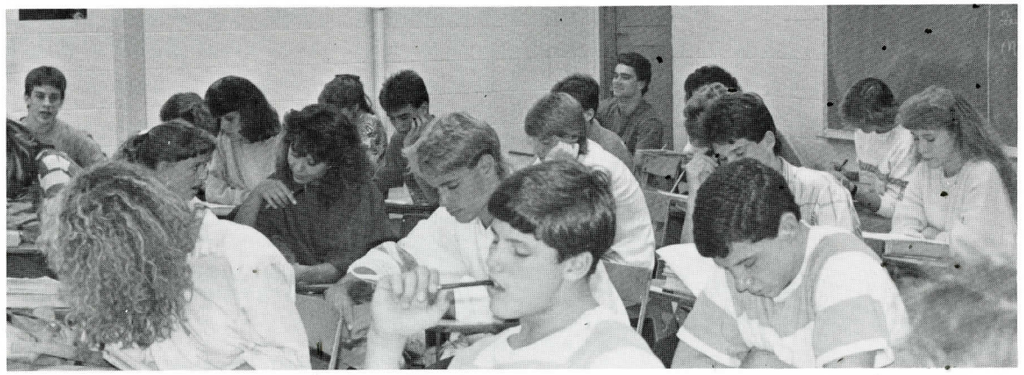
Chris Walker, Jason Ivey, Irving Spikes, Les Lala, and Tri Moore aren't your AVERAGE bench-warmers.

Diane McAllister and Jenny Hight really get colorful for Hawaiian Day. Robin McVey and Stacey Impey can just look on.

Jack McVickar does his solo for the home fans at the halftime.

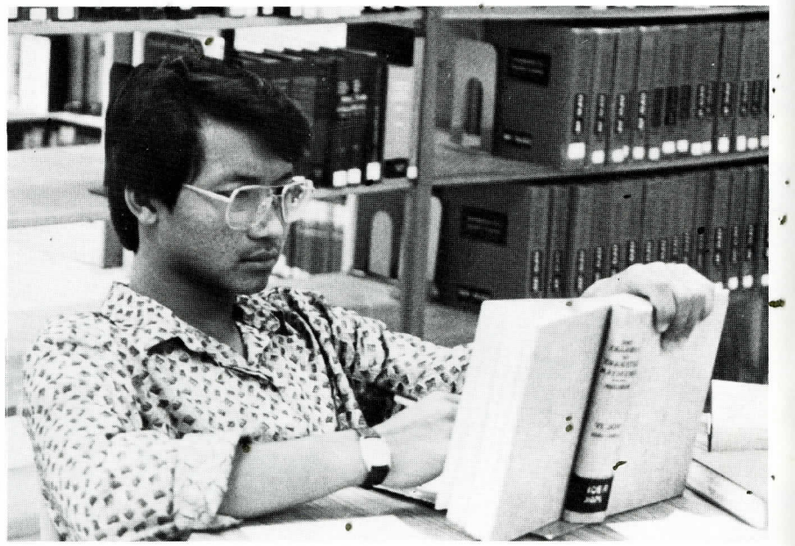
Randal Rynes gets ready for the play in the Picayune game.

TALKING: *Right* . . . . . *Or Wrong?*



English is not everyone's best subject, but we all have to take it. The thought is to "hang loose" and stay with it!

Term papers are the hardest, and we really dig grammar. If students just stick with it, they'll get better!

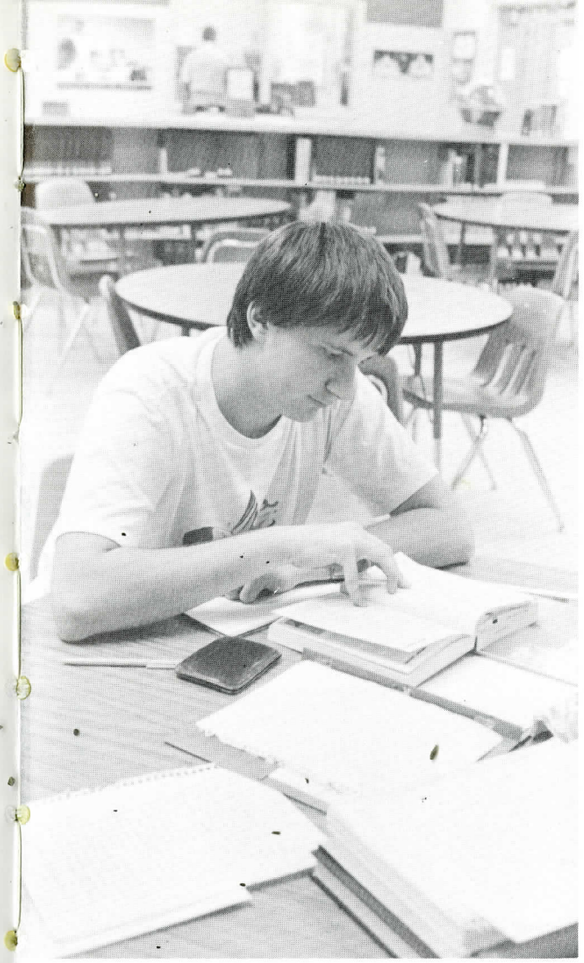


While Mrs. Murphree teaches her lesson, Michelle Zitco has something more important to think about.

This Spanish class has a mix of tuned in and I don't understand looks.

While everyone else is working in Mrs. McNabb's class, Krista Moak and Tyra Dessomes seem to be having a discussion.

No one can break his concentration.



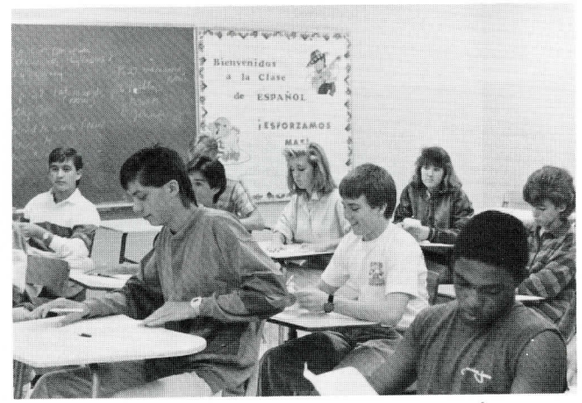
FRENCH SPANISH ENGLISH

Parlez vous Francais? Espanol? Oui! Si! Some OSHS students can speak French or Spanish fluently, or, at least, they have taken the course. MS students are now required to have 2 years of a foreign language for college. But, Hey, that's great. We've always wanted to go to Paris.

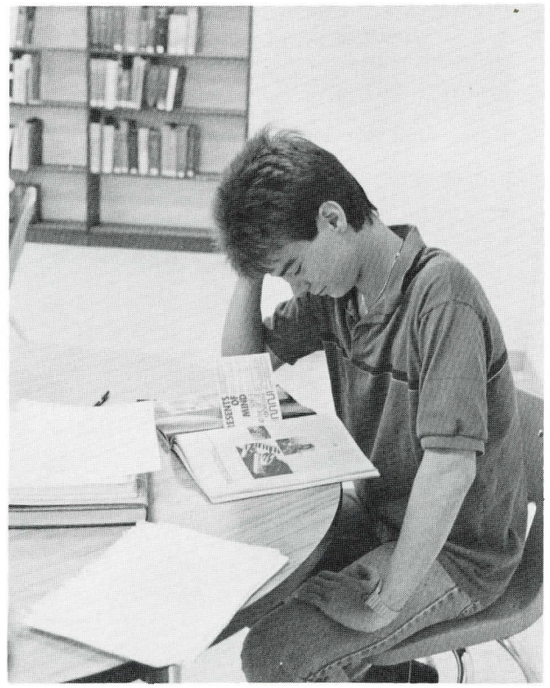
Marc Hillebrand takes advantage of his spare time in the Media Center for his research paper.

Mrs. Holman's class enjoys Spanish, especially when they cook great Spanish foods. Olé!

Greg Garner, you're supposed to be studying English, not reading a magazine.



Mrs. Murphree's French class listens closely to get the right pronunciation. Greg English just seems to be in a daze.

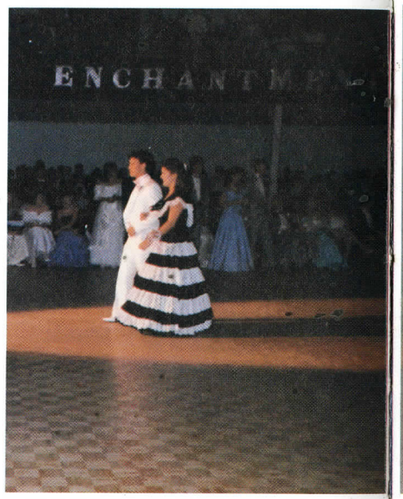


Time After Time

Many scenes flash through yearbook pictures year after year. We go to class, participate in sports, go to Prom, or just clown around. Some things never change; it's only the faces that change. Everyone must make their time the best.

Oops, Robyn Rayner dropped her keys!

The senior walkout is a special part of the Prom for all seniors.



The football cheerleaders try to look casual just hanging around, but some-thing has happened to their clothes.

Good friends like to get together to laugh and party.

Stephanie Halstead is behind those Foster Grants. Mardi Gras parades are fun for everyone.

Lee Ann Manicalco hams it up in the Annual Staff room while Charles Fowler works diligently.

Graduation is a scene that renews itself every year. This year's senior can still look excitedly to their own.

Opposite page, left. Jimmy French and Brian Bass concentrate on their computers.

Opposite, right. Wesley Wilkes and Derick Thurman, members of the Cross Country team are usually seen running from one end of town to the other.

People with potential and those who just enjoy art should sign up for the art classes. They work with paints, clay, abstractions, and perspectives. It will bring out that creativity you've been hiding.

Prime TIME

"I offer no advice, no speech, but just the facts. We're the new breed and we've got what it takes to be a success at anything we do.
We were never ones to sit back and let things happen; we were the ones who made them happen.
It'll never be the question of "Are we ready for the world?" The real question will be "Is the world ready for us?" Let's prove it!
Good Luck, Class of '88.

Senior Homeroom Representatives really know a thing or two about leadership. In the dictionary, "representative" is defined as "one who stands for another or others." In a combined effort, the representatives sponsored a magazine drive and chose the band for our Prom. They have quite a bit of responsibility on their hands. The homeroom representatives deserve much credit since the choices they make are the ones they feel are best for the Senior class.

Male Cheers

John Strickler and David Redmond love to cheer; But sometimes they get a little lazy. When the photographer took this picture, she was told to say, 'What are these cheerleaders doing on the sidelines? Why aren't they cheering?' Well, they must just be kicking back and taking it easy for a few minutes. But they'll be back on their feet and cheering in no time.

Career Night

Your Senior year is a vital year. It is a time in your life when you start looking towards the future and begin to make plans for college. Ocean Springs High School offers a Career Night for students to come and hear about many different colleges from representatives from each college. Career Night does not offer students advice on just colleges but also on military and job opportunities. This one-to-one discussion with representatives helps the students make a better judgement on their plans for the future. The Career Night has been a great success for OSHS and will continue to be one.

Senior Struts

Big TIME

"One more year" is the thought which is going through every junior's mind. The junior year is one of the most memorable years of high school. It is a year of mid-road confidence mixed with fond memories of the past and establishing goals for the future.

The Junior Class of '87-'88 will long be remembered for their academic excellence, athletic accomplishments, and most importantly, their ability to work together as a team. As president of the junior class, I am proud to say that we are one of the strongest classes ever to go through OSHS. In another year, we will be going our separate ways; however, our friendships and memories will last forever.

Fans Are Always With Their Team

Fans didn't always agree with the officials, but they found time to watch a good game. As displayed here, some show their spirit by letting their team know they are always behind them. It's been a great year for the Greyhounds and also for the fans. They just know how to keep the game alive, even if the team was losing. So, let's not lose our spirit, for '89 is sure to be fine!!!

Jolly Juniors - Hamming it up

Everyone knows it takes a lot of school spirit to walk in heels and a dress across a gym full of screaming high school students and hearing the dreaded cry, "Take It off! Arooo!" Heather Hudlow and Chance Williams demonstrate their school spirit by participate in the infamous Mock Homecoming, which is considered by many students and teachers as one of the best parts of Homecoming itself.

All it takes is a little imagination and a lot of courage. A wig, one of your grandma's old dresses or your dad's old suits, some heavy makeup, and the look is complete. Manners, however, are optional. The "ladies" perform such crowd-pleasers as "kissing" their partners, dancing around, or the all-time favorite lifting their leg and exposing their thigh, complete with garter. While a couple may seem nervous, they usually ham it up in the end.

Do Juniors Have More Fun?

If fun were a cake, Juniors would be the icing. John O'keefe, Frank Adams, Billy Harris, and David Northcutt know how to spread the fun in the halls during break and even during class. It all comes with moving up in highschool. You have got to live a little and it means much to share the good times with your friends. All Juniors are special in their own way, and when times are boring, juniors are soaring! These Juniors, along with all the others, always take time to look for the bright side, and when they find it, they bring it out. If there ever was a year for juniors, the school year of 87-88 was it!! When pep rallys were lagging, it took the roaring spirit of the Juniors to liven things up. When our Seniors leave, we Juniors have to carry on the tradition. Why not start early? *That* is Junior "hospitality."

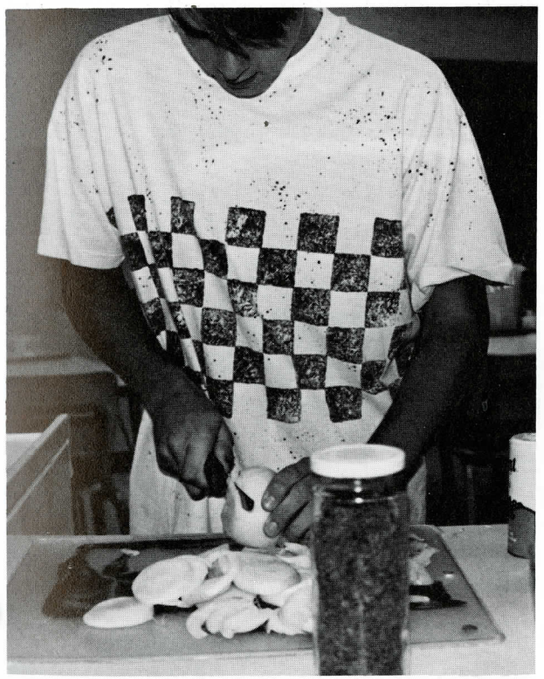
Getting The "Bugs" Out

Classes often have a hard time getting the computer to do what they want. Although it is a frustrating course to take, most of the students survive. The rest get left behind like little "bugs" in the programs.

Mike Scharfenburg tries to get the highest score of the day on "Mario Brothers."



Chris Breazeals makes sure all of his onions are only top quality.

Lunchroom food is always a mystery. A little diversion -like a girl- increases the guys appetite.

Beings TIME

Cabbage heads, greenies - to our upperclassmen their names mean only one thing - sophomores. But, yes, we really do mean much more than that as we establish ourselves in Ocean Springs High. Our main purpose this year is to raise money - for we all know that if our junior prom is to be a success, the work must begin here. Therefore, to support that purpose, fund-raisers are on hand. Everything from jewelry sales to window-washing has made our efforts worthwhile. Community work is also a main priority to the sophomore class. Together, in conjunction with other various school clubs, we have provided community service to those in need of it.

In conclusion, the tremendous amount of class participation has made this sophomore year a great one — one that we can all look back on and be proud of.

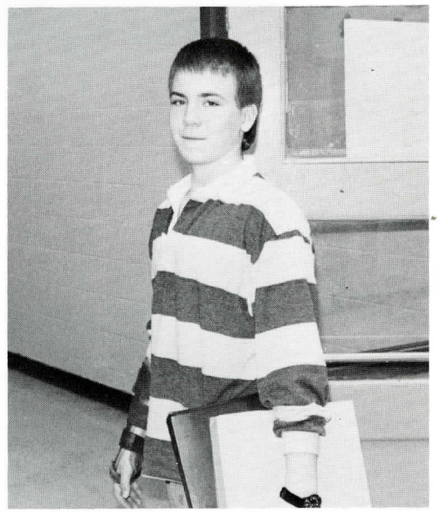
Sophomore Officers & Representatives

The Sophomore Homeroom Representatives are, L to R: Robin North, Peggy Land, Chandra Flurry, Natalie Beverin, Julie Yarborough, Lee Scheufele (front), Nicole Watson, Leilanie McColgin, David Burt, Mary MacLain, Cahrista Waller.

The Sophomore Class Officers are (L to R: front) Michelle Zitko, Parliamentarian; Jackie Shelton, Secretary; (back) Leslie Anderson, Treasurer; Amber McConnell, President; and Scott Ashley, Vice-president.



Sophomores experience all the anxieties and nervous situations that anyone new at anything must go through. It's really tough-new school (and it keeps going round and round), new people, new teachers, new expectations, new responsibilities-and it's all frightening. But eventually, they figure it all out.

The Future's So Bright For Junior Miss

Denise Mason was chosen as the Ocean Springs 1987-88 Junior Miss.

All together there were eight contestants in the Junior Miss Pageant shown here with the M.C.

Most consider Junior Miss a beauty pageant, but it is actually a scholarship program for senior girls. The judging is based on poise and appearance, physical fitness, academics, and talent. They also must undergo an interview which is a major part of all the girls' scores. Denise Mason, chosen 1987-88 Jr. Miss, will go to the state pageant to represent Ocean Springs. Good luck, Denise!

Hard Times

TIME

Hard Times describe the sacrifice and effort it takes to succeed in any sport, but for those who have felt the thrill of a win or, at least, great competition, the pain all seems worth it. OSHS students can participate in a variety of competitive sports and there are many students who participate in more than one. Sports train the body and the mind to work together successfully. Sports also teaches all of us to live and play together. The great athlete is that person who seems to have gained the most from sports, but we who participate to the best of our abilities in sports also gain strength of body and character. Maybe that's what it's all about anyway.

The '88 Greyhound Softball team must follow in tough footsteps. The '87 team are the District 8 4A and 5A softball champions. Coach Jack Hughes has led many teams to the district finals, and with such a winning record, the '88 team has confidence and pride in themselves. Softball is a sport that enjoys much popularity in Ocean Springs. Team members usually play in the summer leagues that provide stiff competition and really exciting play. Hopefully, the '88 team will find that the TIME is RIGHT for another district championship.

Players not pictured are Deedy Fountain, Darlyn Kerner, Suzanne Hillyard, Angel McGowan, Wendy Burton, Charlotte Hill, April Stewart, and Lanell Cook.

In The Heat Of Competition

To be on the competition squad students must compete to be on the team and only the best are chosen. Girls are required to be able to do a back handspring and guys must be able to do several required stunts. The days of the week are spent practicing until the final trip to Orlando for the national competition. The competition squad placed 5th in the nation last year. In 87-88 they have won 1st place in the regional competition and plan to win the nationals at Sea World, Feb. 28 and 29th.

Get A Kick Out Of This!

Everyone is on the field. The crowd is quiet. The coach waits for his players to carry out his plans. The tension builds. The kickoff is underway and the soccer ball soars above our heads. Soccer always builds up this sort of excitement. Coach Rusk trains his guys with intensity and a hard playing attitude. On the field, the points matter, but so does the fun. It always takes a little momentum to go to the field on an icy night and give it your all. All soccer players know that! Bodie Jenkins says, "I got this hair cut to cut down wind resistance".

The Best Times

TIME

Daily activities form the meat and potatoes of a student's life. School life is busy — with classes, clubs, athletic events, dances, and don't forget-studying. It is the best time of our lives — a time when we can be learning and doing and having fun while we plan for our futures. Because that's what school life is all about the future. While the present and the past are what concerns us now, the future is what we live for.

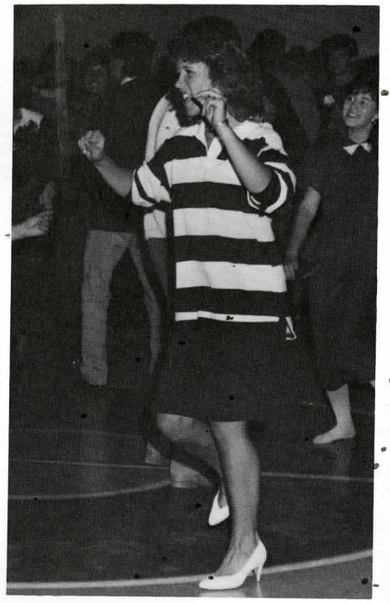
"LOVE Those Greyhounds Moves!"



Well the greyhounds sparkled once again in both football and dancing. At the homecoming dance people were kicking up their heels and enjoying the night life. The homecoming game was a loss, but a great turn out told the Greyhounds that we cared.

The participants were Brian Cooley, Chris Cosper, Jim McNally, Scott McNally, Aimee Trochesset, Derick Thurman, Kevin Thompson, David Kuhl, and Brad Cooley.

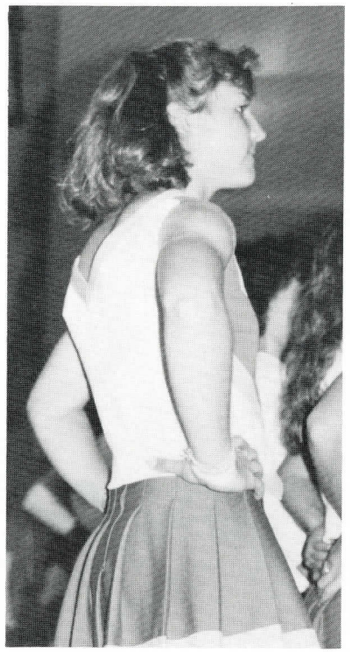
A Day In The Life Of Vo-Tech

Classes in Vocational technology are taught to prepare students to go out into the world right away with a marketable skill. Many challenges await a student, but everyone who has realized his potential can agree that they made a good choice. Learning such a skill is beneficial to anyone, whether they choose to go into the work force or go to college. The tools of learning are found everywhere.

Four hands are better than two as William Wickstrom and Spencer **Thomas** work together in Building Trades.
Christy Bond, Lisa Fender, Danielle Taliancich, and Sarah Merrill sit with the kids in Child Care Course and listen attentively to the story.
Tricia Smith helps a little boy with his puzzle.
Tom Emch cooks up something really good in his Occupational Foods Class.
James Edwards uses one of the many tools that students learn to use at Vo-Tech.

LET'S GET a little bit R-O-W-D-Y!



Stacie McCracken keeps the beat with the band.

Whodah, Whodah, whodah, who do you think you are?

"Concentration" must be at work.

Varnie Wongkoon and Missy Pizinski get in tune for their dance.

Our advertisers and patrons provide the yearbook staff with operating capital and subsidize part of the actual cost of the yearbook for the students. Without them, we would not have the quality (or quantity) of yearbook that the staff tries to produce. So all you readers — look through the ad pages and patronize the companies you see there. We thank them for their support of OSHS.

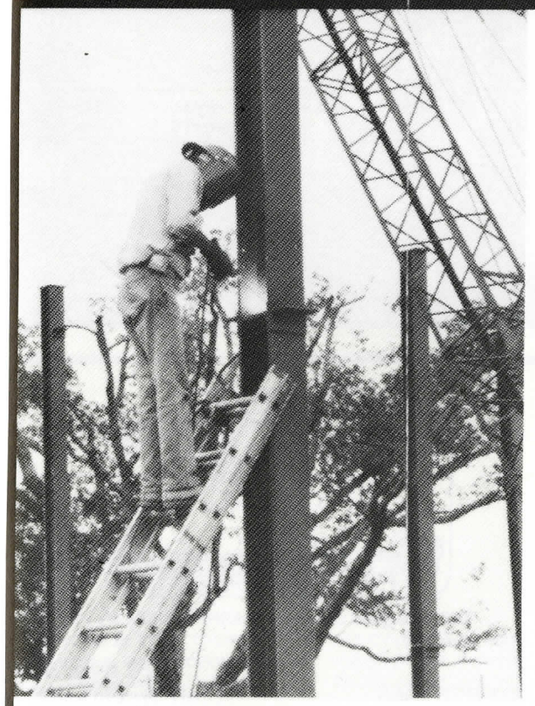
Jackson County Board of Supervisors . . .



Jackson County Builds For The Future

Education and young people are big priorities in Jackson County where we are committed to offering not only the best in educational opportunities, but the highest quality of life.

In the past year alone, county leadership has recorded many accomplishments aimed at insuring a better future for our young people.

To mention just a few . . .

The Fort Bayou Bridge is a major transportation improvement in West Jackson County. Sunplex, a light industrial park, offers attractive sites for light, high-tech and service industry prospects.

The new county library headquarters in Pascagoula is being equipped with the most up-to-date information technology with instant access to libraries in East Central, Vancleave, St. Martin, Moss Point, Gautier, Ocean Springs and Lucedale.

We want our young people to be proud of Jackson County and we are proud of our young people — our greatest resource.

Snow!

'88 was the year of the Big SNOW! Yes, we had one snow-filled Friday night the 5th of Feb. and it lasted *nearly* all day Saturday. It had been 14 years since the last snow on the Gulf Coast, so we really had some fun. The Sweetheart Pageant held Fri. night really ended in excitement when everyone ran out in front of the school and threw snowballs. We really had a special year!

Another school year has flown by and it seems that the time has passed too quickly to have gotten the 87-88 GREYHOUND finished by the end of the year. But we did it, and *it's about time.* We would like to thank all of our ad patrons, the faculty, and especially the student body for their support and patience. Also, thank you, Mr. Hubbard and Mr. Partridge, for your support and kindness. But most of all, we'd like to express to Mrs. Jordan our sincere gratitude for surviving yet another year of creating a great annual with the ability to remain calm in a crisis. Although this year's staff may count this past year as a trying experience for which they receive no credit, the end product-the 87-88 GREYHOUND- is reward enough. We wish the future staffs the best of luck- may each year be better than the last for each of you.
